CASE NO. 1:12-CR-55

**REPORT AND RECOMMENDATION
ON DEFENDANT'S COMPETENCY TO STAND TRIAL**

Pursuant to 28 U.S.C. § 636(b) and the Local Rules for the United States District Court for the Eastern District of Texas, this criminal proceeding is before the undersigned United States Magistrate Judge upon referral from the District Court. The Court now enters its recommendation that the District Court find the defendant, Curtis Paul Jones, competent to proceed in this criminal proceeding.

A. Procedural Background and the Forensic Psychologist's Report

On July 10, 2012, pursuant to the motion of counsel, the undersigned entered an order directing the mental examination of the defendant to determine his competency to stand trial. In that order, the Court directed that the defendant be committed to a Medical Center for Federal Prisoners, or another suitable facility, for examination by a psychiatrist or psychologist to determine whether, pursuant to 18 U.S.C. § 4241, he is suffering from a mental disease or defect rendering him mentally

incompetent to the extent he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense.

The Court received notification from the warden of Federal Detention Center in Seattle, Washington, that the clinical staff there had completed the mental health evaluation of Mr. Jones. Cynthia Low, Ph.D., forensic psychologist, reported her opinion that there is no evidence to indicate the defendant suffers from a mental disorder that would substantially impair his present ability to understand the nature and consequences of the court proceedings brought against him, or substantially impair his ability to assist counsel in his defense.

The competency report, which reflects the examiner's method of evaluation and opinion in detail and sets forth the corresponding psychological findings and recommendations, was filed in the record under seal and provided to both the defendant's attorney and the attorney for the Government. On October 30, 2012, the Court conducted a competency hearing to address the findings set forth in the psychological report. Neither party objected to the report or the examiner's findings.

B. Conclusion and Recommendation

Accordingly, based upon the opinion issued by the forensic psychological examiner, the undersigned United States Magistrate Judge recommends that the District Court find the defendant, Curtis Paul Jones, competent to proceed pursuant to 18 U.S.C. § 4241.

C. Objections

Objections must be: (1) specific, (2) in writing, and (3) served and filed within fourteen (14) days after being served with a copy of this report. *See* 28 U.S.C. § 636(b)(1). A party's failure to object bars that party from: (1) entitlement to *de novo* review by a district judge of proposed findings and recommendations, *see Rodriguez v. Bowen*, 857 F.2d 275, 276-77 (5th Cir. 1988), and

(2) appellate review, except on grounds of plain error of unobjected-to factual findings and legal conclusions accepted by the district court, *see Douglass v. United Servs. Auto. Ass'n.*, 79 F.3d 1415, 1417 (5th Cir. 1996) (en banc). The constitutional safeguards afforded by Congress and the courts require that, when a party takes advantage of his right to object to a magistrate's findings or recommendation, a district judge must exercise its nondelegable authority by considering the actual evidence and not merely by reviewing and blindly adopting the magistrate judge's report and recommendation. *See Hernandez v. Estelle*, 711 F.2d 619, 620 (5th Cir. 1983); *United States v. Elsoffer*, 644 F.2d 357, 359 (5th Cir. 1981) (per curiam).

SIGNED this the 2nd day of November, 2012.
